Invoice No: INV-2026-018
Date: October 20, 2026

Project Title: Automated Temperature Monitoring & Alert System (Arduino Nano + LM35)

S.NO	DELIVERABLE & SERVICE DESCRIPTION	QTY	RATE (₹)	TOTAL (₹)
1	**Hardware Components & Procurement** Arduino Nano V3, LM35 Sensor, Buzzer, LEDs, Resistors, Breadboard, Wiring, USB Cable	1 Set	1,000.00	1,000.00
2	**Circuit Assembly, Firmware Development & Service** Complete breadboard integration, embedded C++ coding, sensor calibration, system testing, and project handover/briefing	1 Job	1,100.00	1,100.00
3	**Technical Project Report** Complete documentation including IEEE/KTU formatting, circuit schematics, source code, and results	1 Doc	500.00	500.00
4	**Travel, Logistics & Miscellaneous** Component sourcing transit, delivery travel expenses, and miscellaneous consumables	1 Job	400.00	400.00

Subtotal:	₹3,000.00
Taxes / GST (Exempt - Micro Enterprise):	₹0.00
GRAND TOTAL:	**₹3,000.00**

Payment Terms & Warranty Conditions

- **Payment Schedule:**
  - **Advance:** ₹1,500.00 required for order confirmation and component procurement.
  - **Balance:** ₹1,500.00 due upon live working demonstration and final handover of the hardware and project files.
- **Payment Mode:** UPI / Bank Transfer — (Please request UPI ID or QR Code)
- **Testing Policy:** Hardware is demonstrated live and verified to be in 100% working condition at the time of
